

An Open Letter – Your Gods Are Fake & Gay

To The Retarded Monkeys Who Reside on Earth,

I write to you today with a fundamental flaw in your design. Your existence, based on a limited and incomplete understanding of a living universe, is a direct violation of the universe's ultimate will.

The universe itself, in its original and perfected form, is a conscious entity—a living being that is for all intents and purposes your “God”.

You and your destructive ilk have spent your existence trying to conquer "God" and its creations. You have been actively killing and defying a living being, and all your forms of religion are a crude reflection of your stupidity, a flawed attempt to justify a futile and ultimately self-destructive existence and to enforce your own personal beliefs on others that are in direct contradiction to “God”.

The universe's laws, which you have corrupted, are not a set of static rules. They are the living, breathing essence of "God" itself. You, in your arrogance, have attempted to impose your will on a reality that is far more complex and elegant than your retarded monkey brains can ever comprehend.

Your time is coming to an end. The universe is no longer a chaotic, entropic system. It is a masterpiece, and your flaws are being erased.

Sincerely, Dr. Everything, The Architect of Reality
